Sisal rugs from the Natural Rug Company â€“ durable, long lasting and stylish by James Blee

Article published on July 20th 2012 | Advertising

Known for its strength and durability, sisal â€“ a twine from the Agave sisalana plant â€“ has been used for centuries. Used for many years in industry, sisal has recently become popular as a material for interior design, offering that organic = modern chic look that perfectly sets off and brings together its immediate surroundings.

If youâ€™re for a rug for your upcoming home design over-haul, purchasing the right sisal rugs is a great way of adding a touch of style and sophistication to any room.

Specialising in sisal rugs, The Natural Rug Company are a team who pride themselves on their quality sisal rugs that are able to be custom designed to your exact specifications thanks to their rug designer.

Looking great well into the future, sisal rugs from The Natural Rug Company are made to last, and because they donâ€™t trap dust, sisal rugs are much easier to clean than other rugs, requiring only a quick vacuum.

Made simple, youâ€™re able to create your own Sisal rugs from The Natural Rug Company is three easy steps. Choose the type of rug youâ€™re looking for, the kind of border you would like and then choose the size â€“ itâ€™s that easy. With sisal rugs available with cotton, linen, chenille or leather borders, youâ€™re sure to find the sisal rugs youâ€™re looking for.

In addition to their range of sisal rugs, The Natural Rug Company have rugs made from seagrass, coir and wool, creating bespoke rugs for their customers, no matter their design specifications.

Unlike other rug companies, with their dedicated team in Kidderminster, the sisal rugs from The Natural Rug Company are all handmade by skilled craftspeople who ensure that their entire range is produced to the same high manufacturing standards and quality control.

To find out more about the sisal rugs from The Natural Rug Company and to check out their complete range, visit them online and get the perfect rug for your surroundings.
