# Chopper Tattoo â€“ a Cutting Edge Website about the Popular Art of Tattooing

by Javed Khan

Article published on December 19th 2011 | Art

Tattooing is an art, which has been practiced by human beings for centuries. It has been used by Africans, Asians and others for multiple reasons. The reasons could be religious, cultural and/or symbolic. It could be used to show honour or insult, or may show someoneâ€™s marital status. It may also be used to give a positive or a negative message to others.  Nowadays, tattooing has become very popular in the West and it mostly is got done for cosmetic reasons.

Due to its increasing popularity lots of information is available over the internet about tattoos. One very useful and up to date website in this area is Chopper Tattoo. It is a membership based website. It offers a 30 days membership for $19.95 and 60 days for $24.95. If interested in becoming a life time member one would need to pay a standard fee of $24.95 as well. Life time membership would guarantee regular updates regarding the art and the opportunity to keep in touch with others in the community who have the same passion.  The websiteâ€™s interface is very user friendly. It offers a member and a forum area. Members can log in and communicate with other members. They can share tattoo designs or can send or receive any other information as required.

Chopper Tattoo has an impressive collection of tattoo designs. The number of available designs is way over 4,559 and new designs are added every day. The designs have been uploaded by members all over the world so they represent many different subjects, cultures and traditions. One may find designs with flowers, butterflies, angels and Celtic, Chinese, Asian or gothic images. Also, available are designs with many other letters, symbols and famous personalities. These have been categorized to facilitate the ease of browsing.

This website offers all one may need to know about the tattooing art. It is helpful to novices as well as experts in the field. If one is new to this they may have some basic questions they need answers to, or for a seasoned tattoo artist it is an opportunity to exchange designs or other cutting edge information. Whatever the reason for peopleâ€™s visit it is very important to gather as much information as possible before one decides on a tattoo design. According to the statistics about 60% of people regret their design choices at a later stage. So one must do their homework, explore their options and then make a decision. Chopper Tattoo is a very reliable and recommended source to go to for this purpose.
