Article published on June 28th 2012 | Business

GRP gratings are a useful device in all sorts of industries and in a wide range of business premises, and when it comes to buying GRP gratings it is vital to go for suppliers with a wealth of experience and the ability to be able to carry out bespoke GRP gratings work for a specific need.

GRP gratings are widely used in the chemical, metal, construction, engineering and transportation sectors, and are also commonly seen in factories manufacturing food and beverages, as well as in premises which work on textile printing, electronic production or textile dying.

They can be used for a wide range of purposes, but common uses for GRP gratings include as an anti slip floor or stair tread, as a trench cover, as a security or safety fence, as a handrail, ramp ladder, scaffold, footpath, decorative grid or fountain pool grid.

There are many reasons why GRP gratings are the best choice for all kinds of business premises, but the most important factors of GRP gratings are that the solution is both fire and slip proof, ensuring total safety for all employees.

If you are looking for GRP gratings then visit us here at HR Kilns and Fibreglass and talk to our team about your GRP gratings needs. We have been providing top quality GRP gratings since 2005 and we are a leading supplier of all types of GRP gratings, both molded and pultruded.

As well as a stock of standard GRP gratings we can work on bespoke GRP gratings designs to ensure that our customers get the absolute best solution for their premises, and all of our GRP gratings are handmade in our in house workshop, guaranteeing quality at every stage of the manufacturing process.

Many of our GRP gratings customers come to us for molded gratings, and these GRP gratings are made using an open heated mold system which ensures the solutions have impressive strength and resistance to corrosion.

If you are looking for new GRP gratings then visit us here at HR Kilns and Fibreglass and find the perfect GRP gratings solutions for your needs within our varied range.
