Empyrean of scooters and mopeds by Cable William

Article published on February 28th 2012 | Business

How would you feel if you find scooter for you and your child under one roof? You will definitely feel relaxed and convenient.

There is a well renowned store for scooters and mopeds named Scooter City in UK. This store not only sells two-wheelers but even their spare parts. This store is located in Stockport, Cheshire since 2004.

50cc Scooters:

These scooters are classified on the basis of the engine size. 50cc scooters are considered to be the smallest with best designs possessing low cost and less fuel consumption. Its probability to be used by the adults and teenagers is more. These scooters form are legally approved to ride on roads by EEC. They are 4 stroke engine scooters that run on unleaded petrol.

50cc Scooters for kids:

At times, your kid tries to imitate you in doing certain tasks. When they watch you riding on a two-wheeler, they demand for the same. You can get scooter for your kids which look like a small model of 50cc scooter. You can get these scooters on an affordable price and that too from the branded companies.

Latest brands available at Scooter city are Spring Wind 50cc Sport Petrol Scooter, Tour-S 50cc City Scooter, City Sport 50cc Scooter, Strada 50cc Retro Scooter, Corsa Super Sport 50cc Moped and Vortex Super Sport 50cc Petrol Moped.

125cc Scooters:

125cc scooters have a bigger engine as compared to 50cc scooters. This feature makes this scooter quicker. You can ride with a speed of about 60 mph. This will lead you to cover long journeys and motorway driving.

125cc Scooters for kids:

As there are models available for 50cc scooter, 125cc scooters are also available for kids. Lots of latest brands are there to make your child feel happy.

Some of the brands at Scooter City are Hunter Eagle 5 Sport Cruiser 125cc Scooter, Eagle King Sport Cruiser 125cc Moped and Corsa Super 125cc Scooter.

Electric Scooters:

These two-wheelers are designed in such a way that no fuel is being consumed. They are charged with electricity and you can use them for small journeys. You can do your day to day tasks like reaching office, doing daily grocery shopping etc. They are quite eco-friendly as well as economical. At Scooter City, electric scooters for kids are also available.

Mini Micro Scooters:

It is a kind of foldable light weight foot-propelled scooter used by both adults and children. They are excellent gifts and are guaranteed to be the favourite present that someone receives. They are easy to use as you have to simply squeeze the brake to stop the operation. At Scooter City, you can find a full range of electric scooters from 100W/120W for kids, all the way up to 500W/800W for teens and adults.

Thus, you can find a wide variety of scooters and mopeds by visiting the store Scooter City.
