360 Models has a selection of some of the foremost architectural models anywhere in UK by Mary Porter

Article published on June 19th 2012 | Business

Are you looking for reputable model makers with the skills and experience to craft three dimensional architectural models that bring your vision to life? If so then 360 Models can craft innovative solutions that are to be admired.

With eight yearsâ€™ experience and a portfolio of clients that traverse a wide variety of sectors, 360 Models will surely cater to even the most exacting of requirements. From humble beginnings weâ€™ve erected a reputation as one architectural models designer that will craft superlative architectural models for marketing, planning and exhibition purposes.

Our continued growth has seen us recently move to a new studio and workshop in Cardiff, South Wales. We are now fully capable of catering to the exacting demands of our clients with precision. Whether you require architectural models in to meet tight budgets or timescales, or indeed have a substantial requirements for multiple architectural models for a large exhibition, here at 360 Models we can competently accommodate your requests.

As testament to the superiority of our architectural model making, here at 360 Models we have had the pleasure of designing architectural models for a number of prestigious clients. From Barratt and Redrow Homes to JCB and Gaunt Francis Architects our skilled team of modelling technicians combine a flexible approach to work with a reliable and trustworthy service that has cemented our reputation in the industry.

Here at 360 Models we employ only the latest state of the art technology when building architectural models. Our studio is equipped with the foremost laser cutting technology. These impressive machines are capable of cutting and etching wood, plastic, MDF, paper and card to meticulous detail to your exact specifications.

If youâ€™d like to find out any more information about the precise architectural models that we can create for you, or indeed if you have any questions, then come and visit us online at: www.360models.co.uk.
