Article published on June 29th 2012 | Business

Holidaying in Australia has become very popular since the 19th century. Different places like Blue Mountain, Mackay, Cairns, Sydney, and Barossa valley are popular holiday destinations within Australia. Tourists from different corners of the world visit these places over and over again. Australia is famous for cleanliness and well maintained areas. The scenic landscapes also make the visit to the country of Kangaroos a pleasant one.

Mackay is a popular coastal resort situated within the state of Queensland. It lies within the eastern part of this state. The beautiful Pioneer River flows through the city on the southern part. However, the beautiful Clarke Range is situated on the western end of Mackay. The eastern part enjoys those beautifully prolonged sealine. The city experiences a subtropical climate with enough humidity. Summers are quite warm with some amount of precipitation taking place mostly in months of January and February. Winters are cool but humidity still exists.

Tourism is one of the major sources of economy of this city. The city is well connected through different parts of Australia. Be it bus or Car Hire Mackay Airport, services are quite frequent and reliable to avail. However, the Mackay Airport only serves domestic flights. There is no direct international connection from this city even through air. But this airport serves all the 4 major domestic airlines of Australia. As a result, reaching from Mackay to any other part of AU is not difficult.

Car hire service from Mackay Airport is quite convenient. It is the quickest and most comfortable travel options to avail to reach the city. Europcar is one of the more popular Car Hire Mackay. In fact, they have their booking outlets available within the airport premises also. There are other car rental agencies also who have their booking outlets available within airport premises as well other parts of the city. Most of the reputed car rental services in Mackay offer online as well as telephonic booking facility.
