Article published on June 1st 2012 | Business

Schools are the most important part in any children life. The children who are not sent to school are the one who didnâ€™t have an opportunity to enjoy the most amazing part of school. Education is something which keeps a lot of importance in every oneâ€™s life. Not only in a personâ€™s life, is even good for a country too. If a country wants to rise in its entire means then the only way towards it is education. Education is a very powerful means and the reason is that it gives you a chance towards development.

In a country like India which is a developing country it is really necessary that the education level increases in this country. If the education level will increase there will be an increase in the development level in the country. Without proper education there wonâ€™t be any advancement in the country. Education is necessary because if there will be education then only the people of the country will be rise in literacy level concluding to the removal of social evil and poverty. There will be more employment and the country will move further.

The government of India is taking lots of measures to increase level in India like presently we can see that in this budget the government has brought many schemes specially to increase the education level in India. People are getting more and more educated about how much the education is necessary for us. We can see that in many states there are not proper schools; parents want their children to study in school in metropolis city so that they can have a good education.

Schools are very important part in every oneâ€™s life, it is very important that everyone get a taste of school in their own life. We all know that how important school and education both are for us and we donâ€™t need to talk more about it. In our school life the first and important step is taken from nursery schooling because it is the very first step towards education.

It is important that proper nursery education is given to the child so that the child can have a strong base of education. Not only this much, in present time there are nursery schools that teaches students with teaches and plays method. There are nursery schools in Ashok Vihar which teaches the student in this way. There are public schools in Ashok Vihar as well as International schools in Ashok Vihar which are helping India towards education. Not only India, it is individually helping the parents and students.
