Business printing made easier allover in America by Warner

Article published on April 2nd 2012 | Advertising

Printing job have become easier these days if you are at the right place to get your printing job done. Americas Printhouse is the most convenient place to get your printing job done at a very reasonable and cheaper rate. All you need to get started is to open an account with the website of the print house and you would get ample amount of discounts on the printing charges. The website offers wholesale printing costs to businesses, freelancers, retailers and print brokers.

Among the product printing services offered by the website, there are business cards, postcards, letterheads, envelopes, brochures, sales sheet, posters, catalogs, door hangers, bookmarks, presentation folder, rack cards, newsletters, stationery and CD & DVD covers. These wholesale color printing services are very efficient. The online printing services are very helpful for business purpose. One doesnâ€™t need to visit the printing house physically and order their job.

The printing jobs are offered pricing slabs based on the volume of copies printed. The size, color and the option of single side or both sided printing job also matters in fixing the price. In envelopes, there is four color printing option based on different sizes with an option of address window. These are very helpful for any kind of communication purpose. Mainly these are useful for trade printing brokers, resellers, graphic designers and professionals. Similarly for brochures, post cards, CDs and DVDs, catalogs, stationery, letterheads, and many other things are printed in the same manner.

For submitting the artwork before printing, one must follow the guidelines mentioned in the website so that the printing job becomes easier. Both PC and Mac formats are accepted by the website. The files that are placed for Wholesale printing can be in EPS or TIFF formats irrespective of any of the software used like Quark Xpress, In Design, Photoshop, Freehand, Illustrator, and Corel Draw, Corel Photo Paint or 3D programs. PDF documents are also accepted. For getting better printing output, files should be compatible on the Pantone Matching System (PMS) for both spot and four-color (CMYK) files. Resolution should be set at 300dpi and fonts should be accurately placed. The file should also follow the rule line measurement of greater than .3 point line weight.

However, customers are requested to check their documents properly by placing them at the demo template set both for PC and Mac compatible machines. This assures the measurements and other settings before final printing and the settings can be managed accordingly if there lay any discrepancies.

Customers are even offered to view sample printing work before placing their orders. Payment processes are very easy and safe. Customers need to open an account for wholesale printing and make the payment through their Visa or MasterCard.

Customer care department of the website is very active and accepts orders within very fast processing time. Urgent deliveries are also taken care by the customer care associates and deliver their commitment successfully on time. The customers can visit the testimonials to have an idea of the success stories of printing by America Printhouse.
