What are the various types and uses of wheelchair accessible vehicles?

Wheelchair accessible vehicles come in a variety of vehicles including wheelchair cars, MPVs and minibus models.Â Wheelchair accessible vehicles are available in a wide range to private individuals and families, hospitals, schools, care homes, community transport and other public and voluntary sector organisations.

You can also choose to buy or hire wheelchair accessible vehicles depending on whatever scheme suits your individual needs the best. Wheelchair accessible vehicles enable those who are disabled to either drive themselves or be a passenger. This gives them the freedom to get out and about and not let their disability coop them up at home all day.

What you can expect from wheelchair accessible vehicles

With wheelchair accessible vehicles, you can expect them to range from wheelchair cars, MPVs or minibuses.Â You can also expect wheelchair accessible vehicles to be available for sale or hire and they also come equipped to offer them for wheelchair drivers or passengers.

Wheelchair accessible vehicles come with many state of the art features such as convenient wheelchair ramps and wheelchair restraints. All of these are tested to stringent national safety standards so safety need not be a concern. So whether it is for a school, hospital or for community organisations, your passengers can be rest assured that they will travel safely and comfortably.
