When we plan our vacation, there are so many things which we need to take care of and think about in advance. The first and foremost thing is about deciding the spot for vacation. Well in todayâ€™s time when we donâ€™t have much time to spend for our own self or for our family on a regular basis and this is what makes vacation very much special as that is time we take out for our own self and family.

Dubai is the most advanced city on the planet with so many things to see, feel, enjoy and have fun with. You can have magnificent and sky high buildings and stunning landscapes to see, you can have huge and high quality malls from where you can do some quality shopping at an affordable budget, you can have a beautiful white beach where you can spend some time with nature with fun, adventure and peace with various water sport activities. But the best which you can have in Dubai is Dhow Cruise Dubai.

You might be aware about the concept of Cruising but this is a bit different one. It is a type of Dinner Cruise which is considered to be unique specialty of Dubai. The ship or the water vessel was originally used for the transportation of goods and items from Dubai to other cities of UAE and even to foreign countries or sometimes used for fishing and other such hobbies. But with the change in time and advancement in technology the original purpose of these ships got slowly drowned off. But the government of Dubai utilized these old ships for the sake to promote the tourism industry.

The outer look of the ship with a traditionalistic touch is maintained. However the inner look of this Dinner Cruise has been given a dose of modernization for making the tourists and visitors more comfortable and happy. It normally travels in the evening and the most preferred time is between 8:30 to 10:30. Your adrenaline will undergo a lot of ups and downs with the calmness of the sea, the beautiful moonlight of the sky, the magnificent look of the city and the melody of night. Tasty and royal dinner is served in the stunning dining areas with Arabic Music and followed by Traditional Arabic coffee. It is not what Dhow Cruise Dubai is but what it gives that makes it special.
