Having a presence can provide considerable advantages business in Dubai by Tim Robbin

Article published on December 28th 2011 | Business

In the united Arabs Emirates, the economic activity is regular by the individual emirates, as well as the Federal Government. In Dubai, the authorities have tried deliberately to create an environment that is well orderly without being excessively restrictive. As a consequence, Dubai offers the business operation conditions that are found between the most liberal and attractions of the region.

There are many open options to the international businesses that seek to establish a relation of business with Dubai. Besides forming a trade relation, for many businesses there is clear advantages in being in the land of the investigation the perspectives of the market, to establish contacts, contacts with the clients, and to see the details of the transactions and orders guaranteed.

Having a presence can provide considerable advantages business in Dubai. Businessmen of the region prefer to treat with someone that know and the confidence and the personal relations are a lot more important in doing business in the Arabian world that they are found in Europe Western or United States. Besides, the bosses of purchase of some countries attended by Dubai tend to be unpredictable, creating the need of intelligence of first market of the class and the information. In the united Arabs Emirates, the economic activity is regular by the individual emirates, as well as the Federal Government. In Dubai, the authorities have tried deliberately to create an environment that is well orderly without being excessively restrictive. As a consequence, Dubai offers the business operation conditions that are found between the most liberal and attractions of the region.

There are many open options to the international businesses that seek to establish a relation of business with Dubai. Besides forming a trade relation, for many businesses there is clear advantages in being in the land of the investigation the perspectives of the market, to establish contacts, contacts with the clients, and to see the details of the transactions and orders guaranteed.

In the creation of a professional business, the 100% foreigners, individual businesses or civil companies are permitted. These businesses can participate in professional activities or artisans, but the number of officials that can be employees is limited. A national one of the EAU should be appointed as the agent of local service, but does not have direct participation in the business and a quantity is paid to so much raised and / or percentage of the profits or sales. Economy of the EAU is clearly divided among the "land" of the sector, dominated by the interests of the local businesses, with the restrictions to the foreign property, and the 'offshore' of the sector, that consists of a series of duty-free zones.

There are not taxes to speak of, or on the high seas, but the 100% of foreign property and the customs privileges that the duty-free zones, the most favorable places in the Middle East for the international operations.

We offer our professional services and experience in the formation of businesses in all the duty-free zones of the united Arabs Emirates including Sharjah International Airport Free Zone (SAIF Zone), Jebel Ali Free Zone Authority (JAFZA), the airport of Dubai Authority of duty-free zones (DAFZA), Hamariyah of duty-free zones authority, Ajman Free Zone Authority, Ras To The Khaima and Fujairah Authorities zone free.
