An overview of Girls residential schools in Dehradun by Swati Ahuja

Article published on May 1st 2012 | Education

If you are planning to send the girl to the boarding school then it wonâ€™t be an easy decision to make whether it is financially or emotionally. However these schools are not more cheaply plus there are also number of difficulties while dealing with physical separation. This is the main factor about which the many of the people think about before they send their child to the boarding schools especially girls. There are still many people who prefer the regular schools comparatively from the Girls boarding school in Dehradun. However the boarding schools are having its own advantage as compared to the regular schools.

In this article we will discuss about the different advantages of boarding schools as compared to the regular schools. These points are given as below:

In the boarding schools the girls can easily learn to calibrate and cooperate.

When you are sending your girl to the Girls residential schools in Dehradun then in such environment which is free from the boys, the girls can thrive better in such environment. Moreover, they learn to cooperate to help each other irrespective of their region, religion and locations.

However in the case of the boys the boys have different needs as compared to the girls and normally they are typical to manage.

In boarding schools the girls are also encouraged to take risks

It has been observed that the girls are not by nature adventurous and risk takers like boys. In the boarding schools the girl is in a safe environment where they can excel and explore their capabilities in sports and without being labeled with fear. This type of environment can be easily available at Residential schools in Dehradun

Different styles for teaching opted for girls

In the boarding schools the management uses the different types of the techniques to teach the girls. It has also been observed that the girl can learn in a better way if they are taught with more apt to them. For instance a girl can learn better when it comes to theories as compared to the real life applications instead of learning ideologies and concepts.

It has also been observed that the girls can have a high tendency to learn the things if they are having a good relationship with their teacher who knows them very well. In the boarding schools this factor is considered very serious and the classes are designed to be very small. The reason behind this is that in small classes the teacher can concentrate on each and every student very closely in all Girls boarding school in India.

In the boarding schools the girls are encouraged to take a different opportunity like leadership.

In this type of schools the girls can take more important roles and give their best in it. There are a number of examples which one can take in consideration in which a woman coming from the boarding schools has been proven to be good leaders from the best residential schools in Dehradun.
