Fight crime, fit sturdy Roller Shutters by Mary Porter

Article published on June 16th 2012 | Advertising

Think thieves and vandals spare you any thought when they run amok inside and outside your premises? Itâ€™s safe to say youâ€™ll be the last thing on their mind as they wreak havoc on your business. Why give them the pleasure, why make it so easy for them to cause damage, why not fit a sturdy set of Roller Shutters or Security Grilles thatâ€™ll stop them in their tracks?

Roller Shutters are a proven deterrent that help to protect properties. A building that is fitted with a set of Roller Shutters is far more secure than premises that are lacking such features. You canâ€™t stop crime but you can prevent vandals and thieves from breaking into your premises by having a set of Roller Shutters fitted to your doors and windows.

Easy to own and operate

Roller Shutters are a simple but effective ways of protecting the glazing around your building. Left bare glazing is an open invite to vandals and thieves see them as weak areas. Yet the simple introduction of Roller Shutters provides premium levels of protection.

Whether you opt for solid lath shutters or visions shutters that let a little light in youâ€™ll find the Roller Shutters are easy to operate. Manual and electric versions of Roller Shutters roll down in a matter of minutes and they can be locked securely into position leaving your premises safe overnight.

You can have Roller Shutters painted any colour that you like and they prove to be easy to maintain over the course of their lifetime just like high quality Security Grilles.

Keep your insurance company happy

Different grades of Roller Shutters are available from manufacturers of Security Grilles if you want to keep in your insurance companyâ€™s good books look for shutters that come with their seal of approval.

LPC level 1 Roller Shutters are the preferred specification of insurance companies and they are fully backed by police forces as well. These are high specification Roller Shutters that offer the best level of security protection and they can be fitted to windows and doors both internally or externally.

Tell your insurers that you have the highest level of Roller Shutters fitted and you never know it might just lower your premium when itâ€™s time for renewal.
