Nashville Students: Choose a Criminal Justice Degree by William Hauselberg

Article published on August 4th 2012 | Education

Criminal justice is a field of study that analyzes judicial processes, law enforcement and crime. This field combines psychology, law, sociology, science and criminology while opening up a range of career opportunities. Students interested in these subjects can enroll in one of many criminal justice degree programs offered at schools in Nashville. Focused areas of study can educate students on the depths of this field in order to help them make career-based decisions.

Criminal Justice Career Paths

Obtaining a degree in criminal justice can provide students with numerous career paths that meet their individual interests. Criminal justice covers law enforcement, homeland security, public safety, legal justice, forensics and social work. When choosing criminal justice degree programs, students often have the option of focusing their studies on the field that interests them the most. Earning an Associate's or Bachelor's degree can also present students with opportunities in higher education to pursue their career goals.

Professionals in law enforcement investigate crimes, uphold the law and manage facilities that incarcerate individuals. On the scientific side, forensic specialists analyze crime scenes and evidence using advanced technology. Many criminal justice majors pursue careers in the court system. Some of these jobs include district attorney, paralegal, court administrator and lawyer. Criminal justice degrees can also prepare students for law school where they may pursue training in legal fields.

Those who enroll in Criminal justice degree programs have the opportunity to help people in a number of ways. Some graduates may become social workers and counselors who help addicts, victims and youth. They help communities by strengthening individuals and providing services to people in need. Other graduates might choose jobs where they advocate alternatives to incarceration in order to improve the way criminals are punished. Professionals in the field of criminal justice protect citizens by upholding the law, improving justice systems and providing counsel and advice.

Criminal Justice Educational Experience

Schools in Nashville offer degree programs for students studying criminal justice. Some of these courses may include computer crimes, domestic violence, mediation and technology in criminal justice. Some courses incorporate hands-on training and simulations to give students a realistic perspective of criminal justice professionals. After a few semesters of studying, students have the option of specializing their degrees to accommodate their interests and goals. Criminal justice degrees offer the opportunity to make a difference using the country's legal systems.
