Article published on March 6th 2012 | Business

Our dry cleaners and launderette equipment are providing a clean and germ free world to the community since 1972. For over 30 years, we have been in the sales and service business for commercial dry cleaners and launderette equipment. It is with pride, we say that we are the authorized launderette equipment providers of Maestrelli, Image numerous other dry cleaners. Our dry cleaners and launderette equipment are directly imported from the manufacturers. We also deal in sales and services of Electrolux, Ipso, Primus, Maytag, Speed Queen, Huebsch dry cleaners and launderette equipment.

Dry Cleaners

We are the UK's main distributor for dry cleaning equipment. These dry cleaners offer all the advantages of innovative technology. These dry cleaners are very efficient and simple to operate and are quite easy to maintain. Our dry cleaners accomplish outstanding results, producing clean wash and reducing the time of cycles. The innovative design of the air flow is such that there is a low resistance and high efficiency of the thermal exchange.

Built with very high quality components, these dry cleaners are S.E.D. compliant, that is, the organic solvents used in these dry cleaners installations are kept to minimal. Keeping in mind the customersâ€™ need for simplicity in this technology era, these dry cleaners are very simple and easy to use as well as install and service. The computerized panel keys on these dry cleaners are very simple to use and can be used in either automatic or manual modes. The automatic dry cleaners have 10 cycles programmed into them which can be customized to 15 cycles to suit the customerâ€™s own specific requirements.

Launderettes
