Looking for Convertibles in Used Car Dealers in St. Catharines by Ivo Beutler

Article published on May 1st 2012 | Business

If you are looking for a sophisticated vehicle, you can choose a convertible. Its unique design produces a feeling of freedom that gives an exciting driving experience. Convertibles need not be expensive, and car enthusiasts in St. Catharines have the advantage of locating a great bargain from the used car dealers located within their area.

Convertibles first came out in the 1920s. Its special feature is a retractable hardtop system designed by Ben P. Ellerbeck for the vehicle manufacturer, Hudson. Soon, some other brands used this feature. In 1941, Chrysler made its first convertible referred to as Thunderbolt. In 1953, The Ford Motor Company designed Continental Mark II and invested almost $2 million on a servo-operated retractable roof.

A convertibleâ€™s roof can be pulled back and folded away to alter a car from an enclosed vehicle into a â€œrooflessâ€• type. The roof is made of a soft or stiff material. Soft-tops are made out of vinyl or canva whereas hard-tops are made from aluminum or steel. A soft-top convertible is referred to as a spyder, cabriolet, or cabrio; a two-seater is a roadster, and a hard-top convertible is marketed as a coupe cabriole or coupe convertible. Another name for a two-seater convertible is a coup roadster.

Other types of convertibles are classified into mainstream and luxury. Mainstream convertibles are available at discount prices whereas luxury convertibles are more costly and usually serve a niche. Worldwide, the most popular retractable hard top models are those produced by BMW. Other brands like Ford also manufacture quality convertibles.

The car dealers in St Catharines offer the 2007 BMW Z4 Roadster. This manual transmission, rear wheel drive, two-seater is a two-door compact convertible. It features a standard, manually-operated convertible soft-top, 17-inch alloy wheels, tilt-telescoping steering wheel, and rain-sensing wipers with heated wiper jets. Its interiors consist of vinyl or leather upholstery and six-way adjustable seats for maximum comfort. For enjoyment, the BMW Roadster is designed with a top quality 10-speaker audio system.

Among the cars for sale in St Catharines includes the 2011 Ford Mustang, which features an automatic transmission and rear wheel drive. The Mustang features cruise control, 17-inch alloy wheels, keyless entry, and full power accessories. Its 3.7-liter V6 engine is all-aluminum and can generate 280 lb-ft or torque and 305 hp.

St Catharines car dealers supply their clients with new and used automobiles that can fit their funds. There also are different models and makes out there. If you would like to read about convertibles, check out eHow.com and SooperArticles.com.
