---Are you an artist that is on the lookout for sound hire equipment for your studio? Perhaps youâ€™re unsatisfied with the current service that you are receiving from your sound hire equipment, and are considering other businesses? If this sounds all too familiar then you need only consider one name, and that is Sound Headquarters.

Sound Headquarters is a South African based business with its roots in the entertainment industry. Our equipment and services are as sought-after as our customer focus is attentive. We offer a diverse selection of services that cater to the exacting needs of our customers, including the production of live shows, incorporating the most pioneering stage hire and sound systems in the industry.

All of the sound hire equipment that we offer is of superlative calibre, and can accommodate international technical specifications. The equipment that we offer has been toured extensively with international and local productions for jazz festivals, government and corporate as well as arts and culture festivals.

Our diverse customer base is to support promotional and sporting events across the UK and beyond. From rock concerts to music, dance and religious festivals our sound hire equipment has provide you with the solutions for crystal clear performance.

The range of sound hire equipment that we offer is most amply demonstrated by the KF850 Series. As an international sound hire standard recording sound hire system for over a decade the KF850 sound hire series was accepted in more technical riders than any other loudspeaker worldwide. It features a tri-amplified three way system, and incorporates Virtual Array (VA) technology. As the crown jewel of the professional touring world this sound hire equipment is as sought-after as it delivers optimum performance.

If youâ€™d like to find out more information about the selection stage or sound equipment, or to contact us with your bespoke requirements, then you need only come to our website at: www.soundheadquarters.co.za.
