A major revolution in the consumer electronics markets in India came with the launch of the OlivePad by Olive Telecom in mid 2010. This was followed by the entrance of Samsung, Apple Inc and host of other national and international players during the period October 2010 to March 2011. In 2011, the global Tablet PC market reached USD 35.3 Billion, which is expected to grow further till 2016. The India Tablet PCâ€™s market is anticipated to grow at the CAGR of around 50.96% with the wide acceptance and increased demand from Enterprises. Tablet PCâ€™s have filled the gap perfectly between a notebook computer and a smart phone. Global and India Tablet PC market are growing at the much faster pace than anticipated initially. Till end of 2011, Samsung is leading the market with its Samsung Galaxy Tab followed by Blackberry, Reliance and Apple. Interestingly, the global market leader Apple Inc. has not been very popular with the Indian masses. However, the market share trends are expected to encounter strong changes from the current trend by 2016 which would lead the market dynamics to new heights. http://www.bharatbook.com/market-research-reports/consumer-electronics-market-research-report/india-tablet-pc%E2%80%99s-market-forecast-and-opportunities-2016.html
