Inflatable Advertising â€“ Hottest Rage in Sydney

By Ben Bradshaw

Article published on March 21st 2012 | Advertising

Sydney has embraced inflatable advertising as the new buzz word. Inflatable advertising balloons in a variety of shapes can be found everywhere in this populous city announcing the advent of an effective and successful promotional strategy. If you really want to capture the attention of all the roadside traffic towards your business, inflatable advertising products is the perfect solution. Available in different varieties, sizes and colors, inflatable can be erected both in the interiors and exterior to attract potential customers.

Inflatable Advertising as Incredible Signage Strategy

Most of the businesses in Sydney have already adopted inflatable advertising as the most incredible signage plan. They can be found around the city, within shopping malls, at the beach or even at the local grocery store. These promotional balloons are hard to be overlooked since they are so impactful on peopleâ€™s notice. They rose to popularity as an effective outdoor advertising technique although they can be erected indoors also.

There are lots of companies that supply different kinds of inflatable advertising materials in Sydney to suit diverse business requirements. Most of these companies provide customized services also. You can get your companyâ€™s logo or the image of products printed on these promotional Inflatable items for better reach. Inflatable advertising balloons are often made of durable and quality materials enabling it to withstand tough rain and storm. You can make use of inflatable billboards, monster balloons, mascots, helium blimps etc. You can even get the images of cute cartoon characters imprinted on them to make them lively and attractive.

Inflatable in particular shapes and sizes can be custom made. For instance if you want a product replica or huge inflatable image of the particular product that you want to promote, you can easily get it done. These types of inflatable are particularly useful in the event of product launches, press conferences, point-of-purchase displays etc. These forms of promotional tactics are sure to bring increased number of customers through the door.

It has been estimated that inflatable advertising methods tend to increase traffic to their outlets by approximately 20-30%. They also help in promoting the brand and create more awareness among the public. Most businesses in Sydney have realized that inflatable advertising products can do wonders for their business. This commercial signage filled with air helps in enhancing brand image besides keeping advertising as a simple procedure. Since these inflatable are filled with air they can be easily stored and reused according to the requirements. Limitless usage is one of the main factors that encourage many businesses to embrace these kinds of promotional strategies.

If you are looking for a carefully selected marketing approach to promote your business in Sydney, inflatable advertising can be the ideal choice.
