Mira Showers â€“ the ultimate features in designer bathrooms by Mary Porter

Article published on June 20th 2012 | Home Improvement

Always wanted a dream designer bathroom, a haven where bathing and showering would be something rather spectacular? If so, take a look at the latest collection of Mira showers, itâ€™s full of innovative products that take showering to a different level.

Mira Showers arenâ€™t your average run-of-the-mill bathroom features theyâ€™re designed to make showering more pleasurable from now on. Theyâ€™re powerful, great to look at and Mira Showers are packed with state-of-the-art technology that caters for the demands of busy households. Like Dimplex electric fires, Mira Showers are proven and reliable and they look right at home inside gorgeous bathroom settings.

Lifeâ€™s less complicated thanks to Mira showers

Do you like household products that are packed with features, designed to make life easier for you? If so, youâ€™ll adore the user-friendly features of Mira Showers then. Theyâ€™re just as easy to operate Dimplex electric fires because they incorporate the latest push button controls. Whatâ€™s more, you can change the setting on Mira Showers to experience new shower sensations whenever you like and every model in the range is designed with style in mind.

The experts at Mira Showers know that people want the perfect shower experience and thatâ€™s why they supply numerous models to cater for customer demand. Whether you like a mixer shower or want to enjoy the latest digital technology, opt for a Mira shower and reap the rewards.

Itâ€™s ready and waiting

Imagine if you could have a shower that turned itself on when you were snoozing. Wouldnâ€™t it be wonderful to have a shower that warmed itself up ready for when you entered the bathroom? Mira Showers offer this type of technology already with the latest digital units. Theyâ€™re blessed with the latest wireless technology and you can programme the Mira Showers to your preferred settings.

Handy to use remote controls come with wireless Mira Showers as standard. Just programme the Mira Showers to your desired temperature setting and once you step into the tray the water will be enticing and invigorating. You have greater control with Mira showers supplied through stockists who sell the very latest Dimplex electric fires.
