It seems more and more companies are looking for Facebook fans for their any particular brand, now one may ask, why are they looking for fans? Well the answer is simple. The Internet has become the platform for marketing the most important for any business. Almost everyone in the developed and developing countries are still hooked on the Internet. Increasingly spend their free time on the Internet rather than television, as was the development of the previous generation. Recent studies, we know that kids spend at least part of their online time on Facebook fans. So it is natural for marketers to target individuals on Facebook fans.

Study Syncapse fans on Facebook

Marketing team to open the fan pages on Facebook and expect people to become fans of your brand. Recent research conducted by Syncapse showed that the average fans Facebook worth around $ 130. This is only true for very successful social marketing. Therefore, Facebook fans are really great for companies that can get more benefits online through social marketing.

What is good for consumers?

From the consumer perspective becoming a fan on Facebook of a particular brand is profitable for them too. If you use Facebook fans frequently, then obviously that will connect to your profile and once you connect, you'll see new updates for your favorite brand of fans on your page: home. One can speak of the products with other fans on Facebook for this particular brand and make informed decisions on any particular product. This behavior is similar to what we can do when they see a product announcements on television, but it is much better. Ultimately, consumers are those who are satisfied with the products.

Companies greater understanding of the consumer

If we think the point of view of the company, it is clear they can not understand the consumer better and also know from the pages fan of Facebook, what consumers really want and then use that knowledge to improve their products and marketing strategy. There are many companies that have made significant changes to their products based on consumer response online.

Current Status

Currently there are 1.4 million active fan pages on Facebook fans and you can search for your favorite brands and products and become a fan easily. Become a fan on Facebook is not permanent. You can always use the "Remove the fans" to stop being a fan. It's a good idea for those who spend time on Facebook fans, because gain more knowledge about the brand or product they like.

The final results

So if you think about the impact of Facebook on a normal life, we see that the opening pages of Facebook fans and followers are profitable for companies and consumers. Both sides are aware of each other and can mutually benefit. So fan pages on Facebook and Facebook fans are quality products that have a positive impact on businesses and consumers.
