Although it is proved that the best forex affiliate programs provide competitive commission which could rival many other highly income generating niches like adult associate programs and pharmacy. Still there is another stream of income which the members can create but is very less used. Forex affiliate marketing is competitive but very rewarding and a single sale here can give result in income which otherwise can take couple of sales in additional associate marketing niches. While studying the tips of associate promotion, one can explore various alternatives and create a second or optional level of income stream within the niche of foreign exchange affiliation. An associate marketing strategy which is less utilized aids the FX members not only in diversifying their income streams but even helps in adding various benefits to their potential along with the existing customers.

The various tools of forex affiliate marketing are designed in a very creative and imaginative spirit by the designers who are expert in promotion and currency analysis. As a FX member, one can have access to a number of associate promotional tools of which some are mentioned below:

â€¢ Flash Banners

â€¢ Banners

â€¢ Reviews

â€¢ Trader tools

â€¢ RSS

One can find these associate marketing tools very innovative and useful helping the partner to scrutinize the traffic as well as optimize the advertizing plans. These tools should help in improving the tracking system and must keep in line with new arising demands in the foreign exchange industry. These tools are required to be enhanced along with the resources to make the work much easier and gear the member towards success. One can use these tools while promoting the best forex affiliate programs. Here, are some tips which look at some of the associate products within the marketing niche, thereby complimenting the partners promoting various programs:

Selling expert advisors and forex signals or indicators: The technical indicators are the most sought after products in the FX market. So by adding these signals and expert advisors to their portfolio, the foreign exchange members create a beneficial opportunity for themselves. The average return which the partner can expect by promoting these products is amid 40-60%.

Selling services of foreign exchange virtual server hosting: The second highly demanded product after the forex advisor and FX signals is Virtual Private Server. Since there are approximately 5-10 companies which offer committed solutions for the virtual server hosting, there is a great opportunity for the associates to sell this hosting.

Foreign exchange trading courses: Another product that fits the line within an associate marketing strategy is trading course. Low in cost and availability on CPA model makes the product attractive. Selling these products will prove to be tricky if the member has no knowledge about the kind of traffic that he will get.

The forex affiliate marketing nowadays focus on promoting the best forex affiliate programs by making use of the various associate marketing strategies tools and tips in a manner which brings traffic to the site.
