Article published on March 30th 2012 | Destinations

A country located at the Southeast Asia on the southern tip of the Malay Peninsula. The island country consists of sixty three islands. Singapore is highly urbanized nation. The clean and the green Singapore is a must visit place in Asia.

You can book a Singapore holiday package online with the easy access of the internet. Singapore offers a wide range of holiday destinations. Travel the land of true beauty and think of the lovely time that you can spend with your loved ones.

Singapore travel is a great way to experience nature at its best. The side gardens are refreshing and relaxing. The vast carpet of rainforests which is a source of many herbal plants and many animals take shelter under the canopy of these trees. The Botanical Garden displays mesmerizing natural beauty to the visitors including the rubber tree orchid which is one in itself. With the blowing of fresh air itâ€™s a nice place to be in the morning. Come to fill your lungs with fresh dose of air.

The national Orchid Garden in the Botanical garden is a must see places. Establish in the year 1995 the garden provides over sixty thousand varieties of orchid plants consisting of more than thousand of orchid species and two thousand hybrids. The Garden is visited by flower lovers throughout the year. The spectacular beauty is hard to put on words. In every corner there is a vista of orchid variety. Donâ€™t forget you camera while visiting the garden, itâ€™s a photographerâ€™s paradise.

Singapore Zoo with and area extending over twenty eight hectors, with a collection over two thousand animals and over three hundred species is one of the largest zoo in Asia. The zoo is also known as Mandai Zoo and has the largest captive zone of Orangutans, the extant great apes. Some of the animals present in the zoological park are the white tigers, mandrills, elephants, rhinoceros, spider monkey, tapirs, wolf, leopards, kangaroos and the list goes on. The zoological park is a great place for a family outing and a smart learning class for children. The organized zoo attracts millions of visitorâ€™s year in and year out.

Singapore Packages include a visit to the Night Safari, an excellent concept of nocturnal zoo. With over hundred and twenty species and over thousand animals, the night safari is worth a try. A tram takes you inside the forest to view the wild animals. Imagine visiting a zoo at night, how can we manage to have a glimpse the animals. Well no need to worry, the special lights which presents a moonlight effect is the answer. Well there are natural barriers which separates the animals but always maintain a safe distance. The night safari displays Asian elephant, Malayan tapir and red dholes from the Asia, sloth bear, lions, barasingha and striped hyena from the Indian subcontinent, Bongo, giraffe, and wolf- deer from Africa, markhor, tahr and bharal from the foothills of Himalayas, golden jackal, pelican and one horned rhinoceros from the Nepalese River Valley.

The cultural program of the Night Safari known as the Creature of the Night cannot be missed. The visitors are entertained with tribal dances and fire fairing shows. The sounds of the flapping wings and the hooting of owls give a mysterious charm to the Night safari.

Not only for natural beauty, can you visit Singapore for its fun theme parks too. With both beauty and entertainment Singapore has listed out to be one of the hot tourist destinations in Asia. Take away memories of an unforgettable experience.
