Article published on November 26th 2011 | Education

Death of a salesman is a melodious play composed by Arthur miller that was published in the year 1949; it was such a big hit that it grabbed almost all awards from Tony to Pulitzer. The story revolves around the counter concepts that were suggested by Aristotle where he characterized the tragedy of a man. The protagonist in the pay is himself is conscious about the greatness and his downfall was the result of the misconception he has about himself. He used to believe that greatness is directly proportional to the personal popularity and that was his biggest mistake. When it comes to write an essays on death of a salesman, students usually are not able to understand the hidden sides of the play that are more philosophical in nature.

They also donâ€™t able to perceive how greatnes can be directly linked with the personal charisma.
