If the details of the prom gown are perfect, you can take some external elements into consideration. Such as the handbag in your hand, you have to check whether the handbag in your hand really match your costume or not. The color of the handbag matches the color of your prom outfit. If you really have no idea about which bag to take, you can take a plain black satin handbag which can match all colors of prom gowns. Then you can also add some shining embellishments onto it. For example, a beautiful flower and some shining beads can be added to the handbag. The bag can be small which can make your comfortable in the prom night. But you must make sure this small gorgeous black handbag can carry your daily necessary cosmetics, mobile phone and car keys which can make your prom night successful.

The shine of the clips must complement with your prom dress and your jewellery.

But they are not really overwhelming and you donâ€™t worry about that they will distract from your sophisticated prom dress. On the contrast, some shining necklace can highlight your personality. Make sure that the necklace, earrings and bracelet fitted and all of these must complement with your prom gown, which is the key point.

Gloves are really good method to make yourself elegant and gorgeous. Above-the-elbow gloves are really glamorous and shining.
