Samsung Mobiles in Indian Market by Nikkita Singh

Article published on May 2nd 2012 | Mobile Phones

Samsung mobiles have canted the entire mobile market by launching the superb devices or gadgets in India. These Samsung mobiles are entrenched with the latest functionalities and set the great example of technology in front of Indian patrons. The colorful mobile range of Samsung Corby has successfully won the heart of the many mobile lovers. These mobiles are not only perfect in terms of looks but also offer the superior and greater features in very pocket friendly price.

Samsung Corby mobile series was an instantaneous hit among the young generation and getting achievement day by day which encouraged the company to introduce further Corby mobile handsets. The Corby series included Samsung Corby Pro, Samsung Corby Pop and the Samsung Corby Plus. Every handset has its own USP and bringing the fun and information concurrently.

The scheming of these Samsung mobiles has done with keeping all the aspects in the mind. They give remarkable looks and increase the self assurance in the users. The features implanted in the phones offers the cutting edge technology and the price tags of the Samsung mobiles are set to be realistic so they can reach to the masses. The sale of Samsung mobiles in India has been augmented and giving the tough competition to the Nokia mobiles in India.

As we all know that the 3G supported mobile phones are in demand in the present mobile bazaar. 3G is a feature which makes net access speedy and easier. Most of the mobile companies have introduced numerous mobile models in India having 3G feature. Samsung mobiles in India are also one of such companies who have launched numberless handsets supporting 3G.

The some great 3G Samsung mobiles in India are Samsung B7300 OMNIALITE, Samsung C5010, Samsung I9000 GALAXY S, and Samsung OMNIA PRO B7610, Samsung M5650 CORBY 3G, Samsung S3370, and Samsung I5700 GALAXY SPICA. Samsung is one of the old and reliable companies in India who knows each and every pulsation of mobile market. So to meet with the entry level segment, Samsung has also introduced some low budget mobile phones in the Indian mobile market includes Samsung Star Nano, Samsung C5010 and Samsung GT-C5130.

Not only that, Samsung mobile in India has released many more mobiles according to the segment. In short the Samsung mobile has a broad variety of handsets which best suits to your pocket and taste.
