It is your call as whether the Kenco Singles are a more appropriate choice for your needs or whether you really should opt for a cappuccino coffee machine. It all depends on what you need for your hot drinks solutions. For most domestic and mild official and commercial purposes the Kenco Singles machine is actually an ideal solution. The Kenco Singles machine is a stylish and reliable tabletop system which offers a great choice of freshly filtered hot drinks. It is very easy to maintain and tremendously reliable, making it perfect for offices, meeting rooms and reception areas.

There is just that touch of magic in the ability of the Kenco Singles to deliver great tasting, high quality drinks, time and time again. Every drink is freshly prepared and filtered in its special capsule. Each capsule has its own special filter system and contains just the right amount of coffee, tea or hot chocolate which is foil sealed for freshness. The intelligent capsule then tells the system to make sure that the temperature is just perfect for the freshly brewed taste in every drink. Add to that the Kenco Singles brewer machine can be plumbed or set up as manual fill allowing it to be situated almost anywhere.

For a busy cafÃ© or restaurant a cappuccino coffee machine is the preferred choice. Cappuccino is made with espresso coffee and frothed hot milk. Some people top it with cinnamon or powdered chocolate to make it tastier. However, the taste of a cappuccino also depends largely on the cappuccino coffee machine and therefore it is very important to pick the right machine for the machines differ in style, size, technology and design. The newer machines make several types of drinks such as normal coffee brew, cappuccino and espresso.

Often there are features in some of the newer and pricier models of cappuccino coffee machines which may not be absolutely vital to brewing a cup of coffee, but which certainly aid you in experimenting with different tastes and ingredients to make coffee making and drinking an exciting proposition
