A Record of the Depressing Time of Kobe Bryant by Kathleen Cosey

Article published on December 20th 2011 | Shopping

The Lakers failed when fighting against the Pistons in the finals of the year 2004. No one had been blamed, except you, Kobe. They reproached you for having made the shot too many times. They blamed you for having made such a vital mistake last year that the vigor of the whole team had been terribly influenced. In 2004, when the sports competition season had finished, the Lakers made out that between you and O'Neal, there must be an option. But the management circle had disguised the affair into a situation that it was you who had forced the illustrious center forward to leave. It ought to be a trouble shouldered by both you and Shark. But all the persons believed that it was you who should be blamed. You had been a laughing stock for the folks. They thought the Lakers had been done if the big chap was not in defence of the inside lane of the Lakers.

In 2005, you failed when you tried to lead the fragile Lakers into the playoff. All the people laughed at you. They seemed to express that without the big Shark, you were nothing. They believed that all the three rings of championship were the gifts Shark had offered to you. They must have forgotten the grand moment when you led the Lakers to win the championship of 2002 with wound and aches. At that time, O'Neal was fouled out.

In 2006, the Lakers was able to enter the playoff after the arduous efforts of Kobe. In the forth game the Lakers were against the Suns. You understood quite well what it meant if the score had turned from the 2 to 2 to 2 to 3. The Suns felt helpless in face of your slam dunk at the vital time. Nevertheless, the Suns won the game at last with the score of 4 to 3. The year certainly was the one you would not like to have a recall. This year, the Clippers should have entered the second ring. What a sarcasm to the Lakers. And it was just in the year when Shark had won the first championship for the Heats together with Wade.

In 2007, you set off yet again with wound. But they did not believe that you could achieve anything. So did O'Neal. He stated that you could only live under the shadow of him. You voiced no voice. You just kept on scoring. But the persons did not take seriously the hard work and deeds you have performed. In the playoff, you had been defeated by the Suns once more. Have the idea come into your mind that you can achieve none if there was no support of Shark? I believe the scene had never happen to you. Or else, I would not be a sincere fan of you. You just wanted a helper. Then you began the farce. You had thrown a stupid word of leaving the Lakers for lacking a good assistant. you were beaming with smile when an excellent helper was brought to you. You put on the Kobe shoes and fought over again.
