India to Fight Hard Against West Indies by Sanjay Umak

Article published on December 9th 2011 | Sports

The failure of top order batsmen of Indian team in the previous matches against West Indies makes lots of controversy about the inclusion of Sehwag and Gambhir for Australian squad. However, critics have been advising the Indian team to use cricket bowling machine in their practice to improve batting performance and that is seemed to be ignored. Cricket bowling machine can hopefully provide a better ways in batting styles but we need to wait and see today's performance of the top order batsmen.

However, Darren Bravo is not playing today so West Indies team is coming down in some points as his performance in the previous matches was brilliant. Darren Sammy, the West Indies captain, said with regard to this, "Darren Bravo is out for the next game. Like we showed when Shiv missed a Test , young Powell came in and took responsibility. Yes, we will miss Bravo in the line-up. But it gives an opportunity for someone else to come out and make a name for himself. Our team is definitely improving; when we miss guys, the guys come in and perform. The 16-run victory had boosted the confidence of our team, which had competed but fallen short in the first two matches. The team's morale is good, we've been coming close. It's about taking the opportunity, grabbing it and winning. We did it in the last game, so the morale is definitely up some more."

With regard to the performance of the top order batsmen in Indian team, the new standalone captain Virender Sehwag said, "We have to look at our top order. We have to click and fire. We have to give a good start as a team so that we can achieve any target or set any target for the West Indies in the coming games. It is not only Raina who is not scoring runs. It is myself, Parthiv and Gautam too. Only Rohit and Kohli are scoring. We are top-order batsmen and it is our job to play well and give a good start. We need to look back at our batting performances. We are playing good cricket since sometime, but today we were not able to play well. We hope to do well and not let down our fans."

Virender Sehwag further added, "The last five overs did not make much of a difference as they have good hitters and we were expecting them to fire in the series. They batted well, we tried everything - slow, back-of-a-length, good length, yorkers - but they connected [with] everything."
