Weight loosing tips;

Have you ever thought of changing your body shape and look attractive, here you may read the below mentioned tips to lose weight and appear nice,

Begin with brisk walking. Walking helps in burning the fat easily. Hence wake up a little early, wear your jogging shoes and then start walking. Donâ€™t run immediately. Walk about 2 Kms a day.

Then start few free hand exercises. This is very effective exercise helps in burning fat easily. Do two to three sets but continue it for few months.

Then start jogging or running if your body permits after 3 months of continuous walking and exercising.

Exercise keep the body fit and then helps in weight reduction.

Follow a proper diet chart. Try and avoid unhealthy and oily food, instead consume lots of fresh fruits and vegetables. Switch to brown bread and brown rice. Go slow on carbohydrates and high sugar foods.
