Chauffeured Limousines for Different Events

by Christina Kevin

Article published on July 23rd 2012 | Travel

Limousines are the sign of status and sophistication. They are a sheer symbol of wealth and pomp. The rich people buy them for being distinctive among others on the road and on special events. A chauffeur driven limousine not only depicts a personâ€™s great lifestyle but also creates great lasting impression on others. Those who cannot buy a limousine, hire them for special events and occasions. A chauffeured limousine is nothing other than an airplane on the road. The limousines are not ordinary vehicles. They are the worldâ€™s most luxury vehicles which are equipped with amenities and features unlike any ordinary or expensive vehicles in the world. Just like other vehicles, the limousines are also divided into different categories according to different travel requirements and prices. The limousines range from sedans, SUVs, stretched limos, executive vans and limo party buses. All of them vary in seating capacity, features, amenities and prices.

Online Sedan Booking

There is a large number of companies that offer chauffeured and non-chauffeured limousine services online. They have their exclusive websites designed to provide their valued customers with convenient online limo hire services. Hiring a sedan limousine is the most popular trend around the world for functions and different events. The reason for the popularity of sedan limousines is that they are the cheapest and most economical limousine vehicles. They have features which are way too higher than ordinary saloons however their prices are too high that people even have to shell out some bucks from their wallets to hire them for a day or two. The most popular limousines around the world include top of the list Mercedes Benz S Class which does not require any kind of introduction. The others include BMW 7 Series, Lincoln Town car L Series and many more.

SUV Hire

SUV limousines which are also known as Sport Utility Vehicles are the bigger type of limousines as compared to the sedan limos. They are made for group transfers and have a comfortable seating capacity of up to 8 passengers each. The SUVs are more popular for family tours and outings. The most popular SUV limousines include Chevy Suburban, GMC Yukon XL, Cadillac Escalade and many more. Aside from these, the people who are a large group and are looking for ultimate luxury hire SUV stretched limousines which are extremely expensive and are equipped with some of the unmatchable features.

Wedding Limo Reservations

Hiring wedding limousines has become a part of culture around the world. The concept of a wedding without a chauffeur driven limousine seems incomplete to everybody in the world now. The bride and groom arrive and depart from the place of wedding function in a limousine which not only makes their special day more special but also makes them feel like a celebrity on the special day.
