Article published on November 30th 2011 | Art

Many of us like to spend time crafting items out of wool, whether they are hats and scarves for loved ones or decorative pictures to hang in our home, and using top quality King Cole wool is one of the best ways of ensuring a woollen item stays in shape and keeps its colour for years.

King Cole wool is well known within the knitting and craft sector for its brilliant quality, durability and the range of vibrant colours offered, and as well as this, King Cole wool is available in a wide range of wool options including chunkier King Cole wool products which are ideal for a variety of knitwear.

Here at HCS Crafts we stock a huge range of King Cole wool options and our prices are competitive, giving all of our King Cole wool customers the chance to get the perfect King Cole wool for their needs at a reasonable cost.

Those looking for King Cole wool can choose from more than 250 different types of King Cole wool when they come to us, and our King Cole wool collection includes everything from Magnum Chunky King Cole wool in fern green, to Fashion Aran King Cole wool in duck egg blue.

For those looking for King Cole wool which offers something a little different, our range of Aero King Cole wool is ideal. Several Aero King Cole wool products are multicoloured, giving a funky finish to any scarf or cardigan. Popular choices include King Cole wool in blue, red and yellow, and our Aero Multi Ocean King Cole wool option, which incorporates several shades of blue and green.

Standard plain King Cole wool products include red, steel, slate blue, aubergine, charcoal, dusky pink and natural, ensuring our King Cole wool customers can always find the right King Cole wool for their knitting project.

If you are looking for the right King Cole wool for a new knitting project, then here at HCS Crafts we will be able to offer you the perfect King Cole wool for your needs, whether you need chunky red King Cole wool for a scarf or delicate white King Cole wool for a pair of luxury gloves.
