Article published on December 17th 2011 | Insurance

Annual multi trip insurance is a special plan which is designed to provide cover for the infinite number of trips carried within the policy period or 365 days to those who travel more frequently. The benefit of this plan is that one can enjoy savings as well as the convenience of having coverage for all the trips that will be carried in a year. Whenever you plan to travel, you know that you are protected and therefore you do not have to go and buy an insurance plan every time you travel.

Annual Travel Insurance is very popular among businessmen and professionals who travel year-round for business purposes such as attending conferences, making presentations, meeting clients and closing deals, conducting workshops and organising seminars. It is the best choice for those who are always on the go and have unpredictable travel schedules. Besides business owners, even frequent holiday makers can also resort to it. It offers them complete coverage no matter when and where they travel.

In addition to this, it also offers cover for all those activities that are usually not included in single trip insurance. You may find it expensive in the beginning when compared to the single travel insurance plan but when you make calculations, you realise that it attracts lower premium and offers more benefits. This kind of insurance may come with age limits. Individuals up to the age of 65 years can only avail it.

Once you have made up your mind to buy annual insurance, the next step is to decide where to buy it from. More and more companies, nowadays, are coming up in this field offering a wide range of options. However, it is important to carefully select your insurer in order to have the best product. Travel Guard is one of the most reputed travel insurance companies offering excellent products at the prices that suit your pocket. The services offered by them are completely reliable. All their products come with additional features such as 24 hour emergency contact number, non emergency helpline and additional cover for more than 100 sports activities.
