Article published on December 29th 2011 | Insurance

There are myriad of people in India who are looking for an answer to the above stated question. At the same time, there are people who believe that this cover is required at later stages of life. The point to ponder over is that why is there lack of awareness? Medical cover is such an important tool that should be purchased as soon as possible, as it is very much useful in availing quality medical treatment, if and when required.

It has been noticed that there are many Indian citizens who are deprived of quality healthcare because of the rising medical costs. The people belonging to this pool either borrow money or sale off household assets in order to pay for the medical treatment of their loved ones. No one can deny the truth that quality healthcare become must for survival. So, before an individual comes across such event in life, he/she should purchase medical insurance so that there could be no issues for family members in exigencies.

Medical Cover not only makes medical treatment affordable and accessible but also keeps one at a peace of mind that he/she would be able to seek medical treatment in times of exigencies. These products are designed keeping healthcare needs of people in mind. They not only offer cover for inpatient treatment but also for outpatient treatment. There are plans that look into pharmacy costs, diagnostic tests, consultation, health checks-ups etc. Thus, a person can buy the one that fulfill his/her health needs the best.

Apollo Munich, a standalone health insurance provider, has brought several products that could find place in budget of people of all income groups. There are both simple and comprehensive health insurance products for the Indian masses. Easy Health, a pure health insurance product offering coverage to maximum number of Indian citizens, is basic policy that offers complete coverage. It can be purchased by an individual or by a family. At the same time, the Company has brought Maxima, which is Indiaâ€™s first 360 degree product that offers over-all cover to its customers. This product is designed to make medical treatment almost free to an insured, as it offers cover to OPD treatment expenses, day-care procedure, domiciliary treatment, pharmacy tests. One can get coverage for both small and big illnesses on buying this product.

So, buy medical cover as early as possible and enjoy the life.
