Tattoos have always entralled human beings. One of the most used amongst the different styles prevailing in tattooing is Star tattoos. The fact that they can be put on most parts of the body in different sizes make them the favorite pick amongst others. In Ancient times, there was a notion that sporting this type of design would bring a power or direction to its bearer.

Both Men and women can sport this model; however, when it comes to workplace, men outnumber women in sporting a design as they are usually in formal attire, which helps to cover most of the body, which is not the case with women. If one thought that Star designs are 5-pointed, then it's not the case, as they come in 6-pointed, 7-pointed, 8-pointed & 9-pointed as well.

Many of them are often confused when it comes to selection of a Star tattoo, that's when one can take the help of different forums in selecting the right design. These are extremely famous among women and there are also unique girls star tattoo designs specially meant for girls.

One has to be careful while searching for designs of Star models on the search engines, as they are loaded with information of age old stuff. One of the best places to check out, is internet forums, as they have ample information, which is not placed everywhere. Often picking a design is the toughest part of getting a tattoo. We can take the help of online database to select from a host of this model.

Many Hollywood female celebrities like Megan fox, Avril Lavigne, Britney Spears to name a few, use Star tattoos. People in Showbiz use designs, as it puts them on the spotlight. Nautical star Tattoos are the most popular among them. People in the Military get a nautical model, as a symbol to find their way back to their house. Usually this type of tattoo is associated with great achievement or wonderful accomplished events in one's life.

When it comes to Girls Star Tattoos, they can sport them in any part of their body like foot, shoulders, ankle, etc... on the basis of the occasion for which they are planning for it. The place of sporting the tattoo should be decided not only on the basis of the occasion, but also on the basis of the attire that has been chosen by them for the event. For instance, if they are planning for sleeveless attire, they can sport it on their upper arm, in case they are going to use miniskirts, they can sport it in different places of their leg starting from ties to ankle, etc...
