Hang your canvas print at most appropriate area of wall by Victor Parker

Article published on December 7th 2011 | Art

A common mistake made by people after purchasing a canvas print from market is; hanging of canvas print on an unsuitable wall space. It is wastage of money, if the canvas print is not hanged on an appropriate wall. For brighten your house a well designed canvas print should be hanged on walls, it will enhance the aesthetic appeal of the area it was installed. It can be the living room of house or kitchen, put your Wall Art in any room, but select a proper space and height for hanging. Canvas Prints should be hanged at the middle space of wall at the height of around 8-10 feet from the floor, so as to gather maximum attention of guests. If wall art is not at the suitable height then it canâ€™t be detected by people and it will not attract anyone visiting your house or office.

For offices canvas print should be installed at the greater elevation from floor because it will appear more stunning from a definite height instead of at lower ones. There is a big difference in total height of a room in office and home, in offices we observe a longer surface area in comparison to home. For living room of house most appropriate area of wall is at the middle of floor and roof. For home decoration wall art paintings are used by people quite frequently, but they does not notice that a wall art will not look appealing if it is not installed at the desirable elevation from floor, your money will be wasted on a useless piece of art that will not get appreciation from the guests. All the efforts putted on development of a canvas print will be unsuccessful because installation was not done properly.

If you are not familiar with the ideal space of wall for wall hangings then take advice from professionals home decors they will guide you through the complete installation process. Take advantage of the technology and read articles and blogs related to canvas art prints installation, they will suggest the perfect technique for hanging the Wall Art in houses. With utilization of latest technology read the online guides for home decoration tips, and save money otherwise spent on hiring an interior decors service. For attractive look choose different patterns of canvas, professional artists will provide guidance on the best suited area for wall hangings.

For attractive appearance choose a light shade of canvas print if the wall background is white or cream. You can blend different patterns of canvas prints together to get more exciting objects for hanging on walls of living room or bedroom.
