Are the Needs of the Physically Challenged Fulfilled in Schools by

Article published on March 31st 2012 | K-12 Education

If people are asked if they wan to die, majority of answer will come that they donâ€™t. The reason is that they love this world and everything about it and every one of them live as much as they can. If a man is physically fit, he will be mentally strong too. Physical fitness goes parallel with the state of mind of an individual. We wait enthusiastically for the sports week of our schools and also get pleasure from our success. However, do any of us have ever thinks about the children who are physically challenged? Even they see the same kind of dream but fail to achieve them as their physical state do not allow them to get engaged in anything of that kind.

The LOMAK keyboard is one of the examples which were designed in New Zealand especially for the disabled people. The Free and Open Source alternative Orca, Voice Finger, Freedom Scientificsâ€™ JAWS, SmartboxAT's The Grid and so on are some of the hardware and software that have been designed only for disabled people. Whereas, there are other software and hardware that are not designed only for the disabled people but can be used to increase ease of understanding. One of the exemplar among them is Nuance's Dragon Naturally Speaking.

Every kid in those schools is provided with special attention by their faculty members. Their behavioral issues and I.Q. level should be considered while sorting out their syllabus. Teachers of these schools mostly keep in touch with the parents of such children so as to keep an eye over the improvements in their conditions. Involving the children in different tasks is a part of the treatment which helps them to improve their mental as well as physical condition.

It is an exceptional job to instill self-independence among the physically and mentally retarded children. Schools like Awaaz special school, Aadita- The beginning; Hentally Recovery School, Institute of Physically Handicapped, etc. are some of the schools for physically disabled children. These schools provide extra care to the students. They keep the students engaged with different types of physical activities that help them to improve themselves. There are world figures who were disabled but for them we are exposed to new technologies. Some of them are Albert Einstein, Thomas Alva Edison, Pete Townshend, Mao Zedong, etc.

Thus, if you are looking for a school to admit your kid, that teaches other disciplines as well as provide a friendly teaching to the kids and helping them to deal with various personal issues as well. Then, Onlineschooladmissions is the appropriate zone for you. Onlineschooladmissions is a site that introduces you to numerous schools and helps you to find a perfect school for your kids that will prove to be beneficial for them and can also get the chance to learn a number of other disciplines. An online admission agent, we do everything for you right from giving you a choice of schools in India through our online school directory to scheduling an interview for your child from a number of schools. Admissions couldnâ€™t get easier, but then, thatâ€™s because OSA understands parental woes that crop up during admission and is dedicated to ease the load off your shoulders.
