Article published on December 23rd 2011 | Article Marketing

There are many companies that offer the quality jeep soft tops at affordable costs. It is exciting to drive the jeep without the top but the jeep soft tops are very important in the extreme weather conditions. It is important to choose the best manufacturer brand to withstand for ore number of days without ruin. They are highly durable and have good functionality. There are many types of jeep soft tops like bikini tops which is very popular and most people use these in the summer months. The safari top is next to the bikini tops but still you can enjoy the outer feel. The sun lighter top is made up of the semitransparent fabric cloth that protects you from the sunâ€™s ultraviolet rays. The wind jammer and the duster combo help to avoid the force of the wind entering into the jeep.

The jeep soft top is very durable when it comes from the branded manufacturer. The jeep soft tops are available as both factory type and the aftermarket type. The Rugged Ridge is one of the popular companies that provide the dealership for the various types of the jeep soft tops and other accessories. The Pavement Ends is the newly emerging company and Mopar offers the quality and branded jeep soft tops. Mopar has been in jeep accessory business from the late 30s. The Aftermarket jeep soft tops are better than the factory jeep soft tops. Mostly the jeep soft tops have the life time of around three years and by proper maintenance you can increase the life time for the jeep soft tops.

Before you start cleaning remove the dirt and the debris from the soft top then remove the soft top and use certain protectants for cleaning. The dirt cleaners have the built in brush with them and the bristles must be very soft otherwise it will produce cracks in the fabric cloth and the windows. You can use the lubricants for the free movement of the zipper; the windows can be removed and stored for the usage. After cleaning with the protectant use the soft towel for wiping. Regular cleaning will keep the jeep soft tops reliable for more number of years. A soft towel can be used while rolling the windows to avoid scratching in the glass. You can purchase the durable soft top fabric from the aftermarket. They provide good insulation for the jeep.
