Some of the Upcoming Cars in 2012 by Dips Dixon

Article published on May 14th 2012 | Article Writing

As the new technology develops, our fetish for more advanced and featured cars are getting fulfilled by all the major brands available today.

Tata safari Storme: One of the best-recognized brands in the car sector is ready to launch its new generation of Safari called the Tata Safari Storme. The new SUV by the Tata Motors will feature the same masculine 2.2 litres of the Dicor diesel engines that would deliver the peak power of 140BHP and a torque of 320Nm. The engine is refurbished with a new G76 MKII-5 manual transmission that would enable better gearshifts. It will be a four-wheel drive, which would be integrated with a low gear ratio. In its interior segments, the car would be revamped substantially. The intelligently designed dashboard is made with faux wood thereby completely its subtle look. The quality of the upholstery is superior. The lamps are also refurbished with a complete new outlook. The wide grille and the wraparound headlights come with projectors, thick chrome band on the radiator grille and complete new bumpers. They come fitted with round fog lamps. The rear is completely different from the original Tata Safari. Due to be launched in May 2012, the car was codenamed Tata Merlin.

Chevrolet Sail Hatchback: With the expected launch date set in July 2012, the new Chevrolet Sail Hatchback will come in both petrol as well as diesel variants. The engine of the car would have 79bhp of power and a 10.91 kgm of torque. Besides coming equipped with a stunning engine, it also comes with new looks that would endorse a typical horizontal split grille. The design of this upcoming car is well executed. Just like a saloon, the interiors of the car are spacious, comfortable, and stylish. Sophisticated colour combinations are seen in the upholstery and the dashboard. There is also ample luggage space and with a costing under INR 4 Lakh the Chevrolet sail is ready to take the market with a storm.

Audi Q3: Audi India is all set to introduce its new Audi Q3 that would offer the premium buyers a luxurious and technologically advanced experience. The launch date is set in June, 2012. A more lifestyle automobile, this compact SUV is the proposed mini crossover. With a sporty look and a diesel engine option, the car would come equipped with a 2.0TDI diesel mill that will offer 177PS of power and a maximum torque of 380Nm.
