Then, the 790 cc deliver the ultimate experience for braun shaver for the modern man or fall short? read the rest of this article to find out. Cufflinks braun series 7 790cc pulsonic shaver system featurespulsonic technologi3 modes personalizationactivelift technology cuts hair laying flat for precise closenessoptifoil - specially designed to take as many hairs as possibleclean & renev sistemperformanceunikue to the braun 790cc pulsonic technology that detects the thickness of your facial hair, then adjusts the intensity of 10 000 micro-vibrations according to conquer more hair with minimal strokes.

Exclusively for the braun series 7 line personalization are 3 modes that allow you to adjust the intensity of shaving skin sensitivity in different areas of your face for optimal comfort. Shaving performance is excellent as a whole, provided that a good shave without irritation or discomfort in any area of your face. Cufflinks the heads pivoting, is dominated by the dynamic shaver well adapted to the contours of your face. Clean & renewcleaning 790cc brown could not be easier thanks to clean brown & renewal system. After shaving, just the shaver cleaning system and press the start button, then it will clean, lubricate and fully charge the shaver.

Cufflinks

Because the cleaning fluid is alcohol based, it ensures that 99. Been eliminated 999% of germs in the process of cleaning. Braun's tests showed that using the clean & renew system is 10x more hygienic than manual cleaning of the razor under the tap water. Cufflinks you're in a hurry, speed is very impressive fastclean mode, and only 25 seconds to charge the shaver. The shaver comes supplied with 1 cleaning cartridge, which lasts for 1 month if used daily. Cufflinks cleaningif manual cleaning of the cost of buying cartridges or off-putting when shaver must be taken that you want to travel, you will have the option to manually cleaning shaver. Cufflinks first method to manually clean the razor involves removing the foil and using the supplied cleaning brush to remove all the hairs and stubble. The second way is to use a razor on, then running it under warm water thoroughly, then remove foil and allow to dry. You must perform these two methods to ensure the shaver is completely clean. Cufflinks we have come to expect from the most high-end shavers timelike charge, while the minimum you will need to be loaded, so it is not plugged in to the night. A 1-hour approximately 50 minutes cordless shaving you will charge. If you're in a hurry, a 5 minute charge provides enough power for one shave. Braun series 7 790 shaver series 7 series pulconik cummaryte often is a great addition. Its elegant design, advanced technology and are ideal to combine cleaning system, a paper shaver for ease of use, convenience and comfort offered by the. One drawback is that it is not quite comfortable using a wet shaver, but for speed and convenience braun 790cc comes on top.
