Most Popular Car Models in India by Mike Nielsen

Article published on June 13th 2012 | Auto

In India people are crazy for cars but for many people it's a dream to own a nice looking and performing car. There are so many cars that are very popular among the Indians. Some of them are:

Maruti Alto

Now this car is dominating the car market from ages. Middle class people are completely in love with this car. It is highly affordable gives nice features and on the top it is really a nice choice for a small family. As it is equipped with every feature that makes it a darling to the middle class families. Reliability is assured with this car and being of a small size what is really great is that it doesn't take too much of space in parking.

Maruti Wagon R

This car from Maruti is a very frequently seen on the road. After Alto this is also a Maruti product and is famous for it's performance as well as it's fuel efficiency. After it was redesigned it became even more hit. Now its sleek body and a great dashboard is making is more lovable and also increasing it's demand. With it's sporty look it is also getting popular among the youngsters.

Tata Indica

Tata cars already very famous but the car that has created history with it's popularity is the Tata Indica. The main reason behind its popularity is its fuel efficiency and it is very much popular among the taxi drivers as you can see that it is mostly used as a taxi. It's a highly spacious as well as comfortable car. This car is available in both variants diesel as well as petrol. Indica keeps on injecting the new versions in the market due to it's popularity.

Maruti Swift

It's a car that has taken it's competitors by the storm. Everyone loves this car as it is a great performer with a great looks. The Swift is highly spacious and very fuel efficient also. You can simply feel it's dominance on the road. With it's sporty looks it has become quite famous amongst the youngsters. The best thing is that it is affordable also.

Hyundai i10

Hyundai cars have already won hearts of millions and when it is about the Hyundai i10 then people are in love with it's cute and peppy look. It might look small but has good amount of space inside. Five people can have a comfortable journey in this car.

Hyundai Santro

Who doesn't love this car, almost every middle class and small family are totally floored on this car. It's peppy, spacious, trendy and also a great performer. Since it's inception people have accepted this car with an open arms.

All these cars are really worth purchasing.
