Watching a football game is one of the proudest American traditions adhered to by residents of Indianapolis, Indiana. Every NFL season, all eyes are glued to the field " or to the screen for those catching the game on TV. And, whenever there's football, there's always a tailgate party to celebrate it.

Who says people don't go outdoors anymore? Every football season hordes of vehicles gather together in a parking lot of a stadium with grills and beers in tow. Although mainly attributed to football, tailgate parties can be held for basically any game " from baseball and hockey, to soccer and basketball. To ensure that your tailgate party is a success, it's sensible to remember two main things: keep the drinks cold and make sure to bring the right food.

No Indianapolis tailgate party is complete without barbecue, so prepare to slap on some burgers and steaks. Chili is another popular tailgating delicacy. You can either make it at home or right during the party " it's easy to whip up. However, it's advisable to actually make the chili at least a day ahead to let the flavors blend in. When preparing the menu for your tail gate parties don't forget the side dish. Potato salad or fruit salad would be nice. You can also throw in a cup of Joe as an afterthought, or maybe even a big bowl of soup. Call your buddies for a potluck even and you're just about set.

Of course, an epic tailgate party may not be complete without the right set of wheels. The size of the vehicle is a very important consideration as far as tailgating purposes is concerned. You can't cram all the necessities in one compact car. It would also be cheaper if you opt for pre-owned vehicles. If you are thinking of purchasing a vehicle that would see you through countless events including tailgate parties, you can go to Indianapolis auto dealers.

To narrow down your choices, you can check out the Hyundai Santa Fe as a good head start. This model is easily available in just about all Indianapolis Hyundai dealers. And if you're opting for a used automobile, chances are you'll come across units that offer more space, making them considerably more flexible.
