Article published on November 29th 2011 | Shopping

Life never fades it colour no matter how old are you. Well, if your dad or granddad is turning 60 or 70 years old, nothing will change. Their health can breakdown, but their heart will remain the same. It will beat for you, smile after seeing you and also enjoy watching you doing something special on their birthdays. Yes, what I am talking about is arranging some special 60th birthday gifts or 70th birthday gifts for your dad or granddad who has lived a life for shaping up your life into a happier one. Certainly, gifts are the only medium through which you can make them realise that they are even more special to you.

Well, I know that selecting gifts for dad or granddad is not an easy task to do, especially when it is their 60th or 70th birthdays. The more you love a person, the more you face problems when you try arranging something special for them. Ok, let me help you to avoid your confusion, by helping you arranging something special for them.

First of all, you should know that whatever you will do, will be special for your dad or granddad. Well, when you are going to buy 60th birthday gifts, try to implement your own thoughts into the gifts. Like, you can buy personalised card by printing your own words on it. Your parents will love to receive such a gift from you, which can touch their hearts.

You can buy some gifts, which can be their friends on their spare times. You can buy gardening tool kits if he likes spending time on his garden. You can also buy him some books, or music CDs and DVDs, which can help him to pass a quality time when no one is with him.

Since old age comes with some health problems, you can buy him some massage tool kits for relaxing his limbs and joints from pain as 70th birthday gifts.

Donâ€™t forget to arrange a party on the special day. Order a personalised wine bottle writing some good words for your dad or granddad in label. Let him try his hands in the bottle open ceremony.

You can also take them for a dinner outside. Buy him a suit and a pair of cufflinks. Let him rejuvenate his old days with gifts that remind him of his handsome age.

When you are buying 60th birthday gifts or 70th birthday gifts, remember that your approach should not be materialistic, rather convey the love you feel for them.
