New Zealand concedes a thrilling win against Australia in the recent test which was a good example of their consistent performance. New Zealand was in top air regarding their performance in the past series as they have included many new comers in the team. Many critics however, edges that the usage of cricket bowling machine may help New Zealand team to get back their performance. But the team was not seemed to have practice with cricket bowling machine and now they created history against Australia while winning in the breath taking match recently. The key person Bracewell is turned as a hero as he had compelled Australia to knee down in this test.

John Wright said with regard to Bracewell, "A lot of credit goes to Doug Bracewell and Timmy Southee, particularly Doug. He's done some special things. We've been here before. We were in a similar situation against Zimbabwe going in to the last session of the game and Doug stood up in that match and he's done it again. He could be something special, but there's a few like that in this team. There's a few young players who haven't had much experience, they'll take some time. I think our Test team will take some time. He's one of a number that, you look at him and think he should be wanting to be world-ranked, not just a good player for New Zealand but he should be a world-class player."

Wright further said, "I've always enjoyed victories over Australia. I've had some battles with them as a player and then with India we had some great tussles. It's nice to go back there again. You always know that they're just like any other opposition: if you get them under pressure they can succumb to that. It's a bit early to tell. People tend to get a little bit carried away with victory. We'll let the dust settle. We'll pick our best side and try to get another win against Zimbabwe. Then we've got South Africa coming, who are very formidable opponents. Let's hope we can show some of the fighting qualities that people saw."

However, Guptill said with regard to Bracewell, "That was one of the most intense feelings you could ever have. When Dougie bowled Nathan Lyon for that last wicket it was just massive relief. You saw the way we were jumping around in the middle that we really wanted it and we worked hard to get it. I think we deserved it. It was a little bit [nerve-wracking] but we backed our bowlers to take the wickets. Dougie bowled unbelievably well. For a young lad to do that in his third Test, and against Australia, is pretty remarkable. Everyone is very proud of him and he'll certainly have a long career for New Zealand ahead of him."
