Article published on December 6th 2011 | Auto

Every year, dozens of new concept and production vehicles are introduced by the worldâ€™s automakers out into an eagerly anticipating public. Exciting concept cars are unveiled side by side with updated versions of established models. Getting the latest information about these new and upcoming vehicles can be time consuming especially for the busy person. Now, Auto Parts Online, the leading online retailer of high quality replacement and collision parts, offers an informative resource where its loyal customers as well as other visitors can get the latest scoops on the newest vehicles.

The Auto Blog is Auto Parts Onlineâ€™s newest offering, has only been online for three months but it has already been releasing excellent information about the auto industry. Helmed by Rowan Pierce, the siteâ€™s main blog writer, the Auto Blog has covered a range of automotive topics most notably the new concept and production vehicles released as of this year. The Auto Blog offers informative and relevant articles about these new models as well as many other automotive topics.

Visitors at The Auto Blog can read through great articles under different categories namely Automotive News, Car Reviews, Aftermarket Parts and Accessories, Auto Parts Train News, Automotive Events, Auto Parts, Automotive Trends and Innovations and Automotive Technology.
