# Buy Smart Phones, iPod and I-Pad Accessories from Dubai Based Retailers

by Ariz Shaikh

Article published on December 20th 2011 | Technology

If you check out the latest gadget sales statistics of Dubai youâ€™ll notice that smart phones, iPods and I-Pads are the most commonly purchased gizmos. In this article, we shall cover information on these gadgets as well as associated accessories. Every year, the famous Apple Corporation founded by late Steve Jobs launches plenty of digital audio players known as iPods. Recently, the latest addition to this series, iPod Nano was introduced during 2005 autumns.

This technically advanced device easily connects to laptops and PCs. The compact designs, expanded storage capacity, portability, convenient size (which is roughly the same as a standard computer mouse) and compatibility with multiple platforms has made it popular among youngsters. Other handy features include extended battery life and high resolution camera. Besides this, iPod Nano accessories enhance its functioning to a greater extend. A few popular accessories associated with the iPhone models include Apple iPod speakers (designed by Bose and Kenngington), sound recorders, rechargers, wireless models, remote controls and other such tools. You can purchase iPod accessories and iPods from any recognized Dubai based retail outlet if youâ€™re a native.

Apple released its latest I-Pad in March 2011. Till today, more than fifteen million copies of this advanced gadget have been sold. The unbelievingly thin and light weight I-Pad 2 is a powerful machine that runs on iOS 5 Operating System and comes with a Dual Core A5 chip and powerful twin cameras. The most interesting feature of this gadget is the keypad, also known as Keyboard Dock which comprises of special keys to activate I-Pad features. I-Pad Dock, connector ports, speakers, audio cable and memory cards are some popular iPad 2 accessories Dubai offered by the retailers. They make this tool practical, easy to operate and much advanced.

When we talk about tablet pc phone, Samsung is the name that automatically comes to our mind. They Samsung Galaxy Tab 10.1 manufactured by this corporation is a slim, lightweight and a unique Android tablet manufactured in 2011. It effectively combines the Android Honeycomb Version 3.1 Operating System with Nvidia Tegra 2 dual core processor and includes other handy features such as 1290X800 screen resolution, 9 hours battery backup, 7000mAh battery, in-built GPRS, four-way accelerometer, Bluetooth with extended range, Adobe Flash Support, 1080p video playback and Wi-Fi connectivity.

This tab is a revised version of the initial model Galaxy Tab 10.1V. The popular mobile sellers offer practical accessories to enhance its functioning. If you wish to purchase these advanced Galaxy tab 10.1 8.9 accessories Dubai or you want to buy smart phones launched by Nokia, Samsung, Apple and other branded companies, you can visit the retailers for great deals or check out their online websites for variety of options!
