Significance of London Stansted Airport

by Jocasta Marvin

Article published on May 17th 2012 | Travel

Stansted is rated among the prominent airports of the world. It is the fourth largest airport of UK and a gateway to more than 22.8 million passengers a year. Stansted is the 46th busiest airport of the world. The Stansted airport began in 1942 as a bomber base for United States Army Air Forces during World War II. After the world war it was reconstructed and converted into a public airport that began its services in 1991. Stansted feels pride in being ranked among the airports with the most modern and beautiful buildings around the globe. It has won many prestigious awards for its state of the art building. Stansted lies among the UKâ€™s most significant airports in the modern day due to the services it provides to the passengers and the amenities it offers. The transportation is easily accessible at the airport that includes Stansted airport car hire.

The London Stansted is a home to more than 41 airlines that travel to and from more than 160 destinations across the world. The airport consists of one runway which is 3048 meters long and 46 meters wide. The airport has one big terminal building. Due to the increasing amount of passengers and air traffic, the Uttlesford district council has granted permission to BAA to further extend the airport for accommodating more than 35 million passengers a year. The London Stansted airport operates 24/7 and 365 days a year. More than 182,000 airplanes depart and land at the Stansted airport every year covering 34 countries across the world. Hiring a car from Stansted airport is not difficult as there are a number of private desks offering car hire services in the arrivals lounge.

Almost all transportation companies across the country offer transport to Stansted airport because it is one of the major airports of United Kingdom. As far as the facilities are concerned, Stansted is equipped with the latest facilities meeting international standards. The facilities at Stansted include bureau de change, Wi-Fi internet, luggage service, shower facility, multi faith prayer room, chapel, restaurants, bars, cafÃ©s and more. There is also an information desk which operates daily from 5:30 PM to 1:30 PM. There are also courtesy phones at the terminal building that provide instant link to the help desk. The Stansted terminal building is beautifully made of oblong shaped glass and is divided into three parts: The Check-In Concourse, Arrivals Lounge and Departures Lounge. Keeping in view the increasing passenger capacity and requirements, the airport management is extending the premises with a new building under construction to facilitate more passengers.

CrossCab is one of the leading online cab booking companies of United Kingdom. They have been providing world class transport services across the country since a long time.
