Here at Cheap Canvas Prints we provide an affordable way to get your art onto canvas, or if you prefer, your photos on canvas. All our canvases are ready-to-hang meaning they are stretched around a frame with hanging cord on the back. This is perfect for when you need affordable, high-quality art for a specific purpose, like a new office, hotel or showroom.

The different between Cheap Canvas Prints and other affordable art suppliers is that we provide a highly consultative and flexible service for you to get exactly what you need, guaranteed. We can send you a proof of your affordable art order before it goes to print. Canvas printing is an excellent way to decorate your walls in an elegant way that doesnâ€™t cost the earth.

Tried and true suppliers of affordable art

We have been in business since 2008 and since then have provided affordable art to thousands of customers around Australia. We are based in Sydney and unlike other suppliers of affordable art we are just a phone call away. We keep our costs down by basing our business online so we donâ€™t spend a fortune on a fancy storefront. Instead we have dedicated ourselves to creating the highest quality art for an extremely affordable price, especially when ordered in bulk.

Customise your affordable art order

Cheap Canvas Prints is super affordable! But don't think affordable means poor quality. We've scoured the globe to find the best materials for your canvas art at the lowest price and have brought them together for you to take advantage of.

We ship ready-to-hang affordable art, anywhere in Australia for free. Our customers are regularly blown away by the quality of our canvas prints, and we are proud to compare them to canvas prints that arenâ€™t nearly as affordable as ours.
