Are you looking for help with the transportation of Dangerous Goods? by [Mary Porter](#)

Article published on June 16th 2012 | [Business](#)

When transporting any type of product safety is absolutely key, but no more so than when dealing with the carriage of dangerous goods. Dangerous goods is an umbrella term which can be used to describe a huge selection of products and items, from gases, poisons and chemicals to flammable materials and explosives, and when transporting dangerous goods even more care must be taken.

If you need to transport dangerous goods to a client or another company in your sector, then it is vital that you do not just opt for standard delivery firms and options. Transporting dangerous goods can be incredibly risky and should only be attempted by a trained professional with a wealth of experience in dealing with dangerous goods.

Here at ADR Express we specialise in the transportation dangerous goods and our skills extend to the transport and delivery of gases, chemicals, corrosives, explosives, poisons, flammable materials and radioactive matter. We work in the UK and Ireland and extensively throughout Europe, and all of our drivers have the skills needed to be able to safely deal with any hazardous material.

We carry dangerous goods from Class 1 “explosives” right through to Class 9 dangerous goods “miscellaneous” and we understand the specifics of working with dangerous goods as well as the expectations and safety standards that our clients have and need us to work to.

Unlike many other transportation and dangerous goods transport firms, we work 24 hours a day, seven days a week, and this ensures that we can deal with the needs of any company using us for help with dangerous goods transportation.

Our range of dangerous goods transportation and delivery options includes courier services, same day express deliveries, overnight and timed deliveries, groupage facility on full loads and global freight forwarding of dangerous goods.

If you need assistance with the safe transport of any kind of dangerous goods then we are the experts. Contact us and talk to our team about your dangerous goods needs, and let us come up with the right bespoke solution for your needs.

Visit us today and let us help you transport your dangerous goods swiftly and securely.
