Are you looking for Large Format Ink for your printer and proper printing by James Blee

Article published on June 17th 2012 | Business

Many people use large format printers to product top quality stunning images, and to achieve the absolute best result possible, the right kind of large format ink should always be used. When buying large format ink it is important to buy from reputable suppliers who only stock products from market leading firms.

Our large format ink can be used on a range of market leading printers, including models from Roland and Mutoh, Mimaki, Sunmicro, Hewlett Packard, Canon, Epson and Inktec.

Wide format printers are generally used to produce posters, banners and other large scale items, and because of this accuracy and an impeccable result are both absolutely key. Most of these kinds of printers are fitted with some sort of air dryer to ensure that large format ink is completely dry before the item is hung.

If you are looking for large format ink to use with your printer then visit us here at Link Ink and browse through our wide selection of high quality and affordably priced large format ink. We specialise in large format ink and our time in the sector means our skilled team have the knowledge and skills they need to be able to recommend the right large format ink for any kind of job.
